III. DETAILED ACTION

Claims 1-3, 5-17 and 19-33 are presented for examination.

**Allowable Subject Matter**

Claims 1-3, 5-17 and 19-33 are allowed over the prior art made of record.

Applicant's particular electronic device coupled to a network which includes creating a temporary database for holding information from a source database, loading the temporary database with data originating from the source database, determining that a current usage of an electronic device holding the source database does not exceed a parameter, using the temporary database to generate a report regarding the source database, and providing the report for access over the network in combination with the other limitations of the claims, was not disclosed by, would not have been obvious over, nor would have been fairly suggested by the prior art of record.

The dependent claims, being further limiting to the independent claims, definite and enabled by the Specification are also allowed. The closest prior art fails to anticipate or render Applicant's limitations above obvious.

form a source database, loading the temporary database with data originating from the source database, defining tables and views to be used in the reports, updating the temporary database with data received from a different source database in the network, using the temporary database to generate a report regarding at least one of the source database, allowing access to users in the network to the generated reports created by a format module and removing old reports after a specified amount of time from the temporary database in combination with the other limitations of the claims, was not disclosed by, would not have been obvious over, nor would have been fairly suggested by the prior art of record.

The dependent claims, being further limiting to the independent claims, definite and enabled by the Specification are also allowed. The closest prior art fails to anticipate or render Applicant's limitations above obvious.

#### Comments

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an

Art Unit: 2165

extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

As allowable subject matter has been indicated, Applicant's response must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP section 707.07(a).

**Other Prior Art Made of Record**

The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure. U.S. patents and U.S. patent application publications will not be supplied with Office actions. Examiners advises the Applicant that the cited U.S. patents and patent application publications are available for download via the Office's PAIR. As an alternate source, all U.S. patents and patent application publications are available on the USPTO web site ([www.uspto.gov](http://www.uspto.gov)), from the Office of Public Records and from commercial sources. For the use of
